APEX

Owner Checklist

What to check once the app is live: daily, weekly, monthly, and what to do when something goes wrong.

Daily 2 MINUTES

- [ ] **Email:** anything from Apple (App Store Connect), Stripe or RevenueCat: reviews, refunds, disputes, billing problems, contract notices.
- [ ] **Member emails:** reply within a day.
- [ ] **App reviews** App Store Connect → Ratings and Reviews: reply to any 1–3 star review that mentions a problem.

Weekly 15 MINUTES

- [ ] **RevenueCat dashboard:** iPhone revenue, active subscribers, trials, cancellations.
- [ ] **Stripe dashboard:** website sales, refunds, failed payments and **disputes** (answer before Stripe's deadline).
- [ ] **Coach console → Train Solo:** new members; paying members show the right plan.
- [ ] **App Store Connect → In-App Purchases / Subscriptions:** everything still "Approved"; nothing "Developer Action Needed".
- [ ] **TestFlight / Codemagic:** if a new build was expected, check it arrived.

Monthly

- [ ] **Apple payment** App Store Connect → Payments and Financial Reports: paid ~33 days after month end. Save the report.
- [ ] **Stripe payouts:** match to your bank. Save the monthly report.
- [ ] **Tax / BAS:** give both reports to your accountant.
- [ ] **Agreements** App Store Connect → Business: Paid Apps Agreement active; bank and tax details current.
- [ ] **Prices:** website price (coach console) matches the iPhone price (App Store Connect) for every program.
